Please answer the following questions about the material that you have submitted:

- (1) Please provide the names of all those who worked on the code (excluding 3rd party code which you describe below)

Name	Employer

- (2) Did you develop all of the Content from scratch?

- (3) If not, what materials did you use to develop the Content (please extend table, or attach additional information if table below is not big enough)

Component/package (include version number)	Where you got it (provide url)	License (please attach copy)

(4) Did you reference any confidential information of any third party? If so, please describe what this might be.

(5) Did you implement any 3rd party API (as opposed to calling the API). If so, please list:

API	Where you got it (eg – provide url or book/manual title)	Any license or other usage information?

(6) Did you have access to the source of a 3rd party implementation of similar functionality when you were implementing the contribution? If so, please describe.

(7) Does the contribution include any code that is designed to support encryption or decryption? If so, please describe.
